FULLINGBRIDGE GAME FISHING SYNDICATE

Fullingbridge Syndicate members fly fish on an attractive 5 acre lake about 3 miles east of Westbury, Wiltshire. The fishing is only from the bank, which is reasonably level.

The lake is regularly stocked with Rainbow trout, and occasionally with Brown trout; and fishing is available throughout the year. Rainbow trout up to $2\frac{1}{2}$ lb. are caught regularly, and Brown trout of 4-5 lbs. have also been caught. Members are encouraged to keep two fish per visit.

The syndicate has up to 40 members, and the subscription for 2018/19 is £265. There are vacancies in the year beginning in April 2018.

If you are interested in joining Fullingbridge Syndicate, please contact the Treasurer, David Little, to discuss membership and to arrange a visit to the lake
